

The Magnus system will handle other school-related forms as well, such as field trip permission, handbook acknowledgement and other school related forms. You will get additional information about these forms as needed.

The benefits of using this system are less paperwork and the ability to have the information readily accessible to you and the appropriate employees at our school, coaches, field trip chaperones, Main Office staff.

You will have continuous access to your child's health record, and the ability to make updates immediately when needed. Only one parent needs to enter the information, and **you will not have to repeat this work next year: the data is securely stored, so going forward you will simply provide updates to the record as needed.** You will also receive weekly reminders when there are outstanding items due.

Please complete the required information in preparation for the start of the school year. **This must be completed prior to participation in athletic tryouts.**

Directions:

1. Navigate to the [PowerSchool Parent Portal](#)
2. Log in with your username and password.
3. Navigate to the upper right corner and click on the square/arrow icon.

4. Click on the Magnus Health link
5. You may be asked to verify your student's information. You will then see a video explaining how to use Magnus Health. The required forms will be listed in your account.

Magnus is best used with the Mozilla Firefox and Google Chrome web browsers.

If you have any questions using the Magnus application, please click on the Help icon in the upper right corner of Magnus, where you will find Help Desk information, including a direct phone number for technical support.

If you have any questions regarding your PowerSchool account, please contact [Stephanie Montoya](#) via email or at 650-762-1111.
