

**LA CASA
DE LAS
MADRES**

Help La Casa De Las Madres meet the basic needs of those we serve and support our office needs by contributing items from the list below. These are items we use daily and can almost never have enough of on-hand. Our Emergency Shelter alone uses over 400 toothbrushes each year!

It is easy to donate. During your business travels or holiday and summer vacation trips, bring back the free hotel toiletries that are given to hotel guests. Or do you already have any of these everyday items in good condition and would like to give them a second life? Bring them to school! We have a collection box(s) in _____.

Your contribution will help a woman or family along their way toward a violence-free life.
